Dear Madam,

GREETINGS FROM WINALITE!

Winalite International Inc. is the pioneer in the manufacture of the most hygienic sanitary napkins in the market. The Company's competitive advantage is its top product, LOVE MOON sanitary napkin, which contains 5800 negative ions/cm³.

Keenly aware of most women's pains and discomforts associated with their monthly period and the alarming increase in cervical cancer deaths among women here in the Philippines, as announced by the Department of Health, we, in Winalite Philippines, would like to offer you an amazing product that prevents and controls bacterial growth, odor and itchiness, cervical cancer, vaginal inflammation, infections such as UTI, dysmenorrhea and other discomforts.

With Winalite's 100,000 square feet factory located in China and more than 60 fully automated and advanced machinery, it can create an annual production that exceeds 3 billion pieces. It provides the best combination of creative and technological expertise supported by outstanding customer service. Thus, Winalite International Inc., is now considered as one of the fastest growing Multi-Level Marketing companies in the region. **Its factory in China has been granted the ISO 9001:2000 certification for research and development.**

To date, Winalite has subsidiaries in China, Hongkong, Singapore, Malaysia, Taiwan, Indonesia, Thailand, Vietnam and the Philippines. Eventually, it will expand its business operations all over Asia Pacific Region and South East Asia and throughout South America and Europe. **Last January 14, 2008, Winalite International Inc. entered the stock market and became a US listed company under NASDAQ (National Association of Securities Dealers Automated Quotation).**

To give you a more detailed explanation about our product and its fabulous benefits, may we request for an appointment at the earliest time convenient for you.
